LOCATION

The property is being built at Malton Enterprise Park, a major new business park situated with immediate frontage to York Road Industrial Estate on the outskirts of the thriving market town of Malton. Malton Enterprise Park has already attracted JMP, Alifabs and Pro-pak.

York Road Industrial Estate is situated between the A64 turn-off and Malton town centre, therefore offering excellent road communications. Malton benefits from superb public transport service including the Yorkshire Coastliner bus service which connects the town with Scarborough, York and Leeds and the Transpennine rail service which connects the town with Scarborough and a number of towns across to Liverpool including, York, Leeds and Manchester. The York connection provides a link to the east coast mainline between Scotland and London. London can be reached in under 2 hours 30 minutes.

Malton is an affluent and bustling market town with an ever expanding range of employers including many from the new sectors of advance engineering, science and technology and professional services, amongst others.

DESCRIPTION

The subject property will provide a number of new single or two storey (mezzanine) commercial buildings which will be designed with maximum flexibility to allow a range of B1 (light industrial research and development and office), B2 (general industrial) and B8 (trade and warehousing) occupiers to take advantage of the superb facilities that will be provided. The property will comprise facilities including, WC, tea-point and on-site car parking.

The property has been designed so that units from approximately 96m² (1,033 ft²) can be provided on a leasehold or freehold basis. We can combine units to provide a range of larger sizes. Please call or email for details.

TERMS

The units will be made available for sale with prices starting from as little as £125,000 or on new Full Repairing and Insuring Leases for a period that is to be agreed at commencing rentals that start from only £9,750 per annum excl.

The developer is happy to discuss individual design specifications.

SERVICES

The properties will be connected to all mains services including, electricity (3-phase), water and drainage.
