The main bus and rail stations are nearby, as well as the world famous York Minster and the extensive range of amenities and services in Yorks historic central area.

Blake Street is an attractive semi-pedestrianised street comprising a mix of distinctive architectures including the stunning Assembly Rooms opposite, built in the Georgian era. The street is also a mix of trading types with retail, café/restaurant, residential and office uses.

York is one of the worlds most recognised cities with a rich history that attracts visitors from around the globe. It is also an established and growing commercial centre with a wide range of industries and an enviable quality of life.

DESCRIPTION

The properties comprise the respective ground floors of adjoining buildings of traditional brick construction.

3 Blake Street is currently under offer. It was most recently used as a café and the proposed use is also café. We believe it could lend itself in the future to use for a number of businesses including retail, office, healthcare, leisure (subject to planning as appropriate) the property is an attractive listed building which we believe was formerly a merchants house and which still presents as such with a central main entrance and 2 sash windows on either side of the door.

5 Blake Street is a retail outlet with a traditional glazed double display frontage and a recessed entrance door, allowing additional display return frontage.

Both units are primarily open plan internally.

There are four residential units, two flats above the shops and two town houses to the rear. These are owned separately on long leaseholds (virtual freeholds).

MARKET COMMENT

Whilst the UK's 'high street' sector is experiencing difficulties in some locations due to increasing on line and out of town shopping, York bucks this trend as it benefits from a strong year round tourist and visitor catchment, as well as a concentrated resident dependency. Accordingly, the city centres arterial streets are very popular with demand from retailers, office occupiers, healthcare services and the recreational/leisure operators.

The subject property is just yards from St Helens Square which is the confluence of 3 of the city centres most popular trading streets, Coney Street, Stonegate and Davygate.

The passing rentals on No 3 and No5 equate to a Zone A figure of £47 and £54 respectively. The lower figure for No 3 being explained perhaps by its non typical retail frontage.

We are aware of nearby Zone A rentals of over £60 per sq ft and in one case £72 per sq ft. This gives cause for optimism for future rental growth.
